

TEXAS FORENSIC SCIENCE COMMISSION

Justice Through Science

DNA MIXTURE INTERPRETATION PANEL MEETING AGENDA

July 7, 2016 at 1:30 PM

Omni Austin Southpark
4140 Governor's Row
Austin, Texas 78744
(512) 448-2222

1. Update/Report on activities since the Texas Forensic Science Commission's April 12, 2016 meeting.
2. Update on laboratory progress—review of protocols, case reviews and training.
3. Update and review of report and recommendations from May 27-28, 2016 and June 6, 2016 audit of Austin Police Department crime laboratory's DNA Section.
4. Progress update for lawyer and scientist trainings, including training at St. Mary's in San Antonio.
5. Status of case review, including collection of DNA review forms, triage of cases and any expected retesting thus far.
6. Discussion of financial and resource impact of DNA mixture project on laboratories.
7. Discussion of implementation of probabilistic genotyping in Texas laboratories and how to successfully transition, including discussion of DPS's implementation of STRmix.
8. Recommendations for Commission at July 8, 2016 meeting.
9. Action items for staff.
10. Public comment.
11. Adjourn.
