Re: Texas Forensic Science Commission Complaint No.23.44 (University of North Texas Health Science Center – Center for Human Identification; Human Resources Issue)

Mr. Ge:

At its October 20, 2023, quarterly meeting, the Commission approved staff's dismissal of your complaint because the matters raised were University of North Texas Health Science Center Human Resource issues and do not involve in any way the forensic analysis of physical evidence or related testimony.

Thank you,

Robert Smith
